SUNREEF'S SALUBRIOUS SALON

70 POWER MY BLUE BELLY

In May 2015 at their shipyard in Gdansk, Poland catamaran specialists Sunreef Yachts revealed the first unit of their successful 70 Sunreef Power line to feature a fully open salon. Christened MY Blue Belly the yacht with the new format is the twelfth in a series introduced and designed in 2008 by a revered yachtsman, the late Laurent Bourgnon.

The owners of MY Blue Belly started discussing a 70 Sunreef Power in 2014, straight after the launch of their first yacht, the 60 Sunreef Power named Ocean's 11. Being familiar with the client's requirements the Sunreef Yachts designers opened up the living area on the main deck and eliminated the interior navigation station in the salon. In doing so they created a size-

able amount of additional living space in a combined lounging and dining area. As Blue Belly is dedicated to short cruises the yacht is equipped with an exterior helm station on the flybridge. Capable of accommodating up to ten guests—in two VIP cabins, a standard cabin and the master suite—Blue Belly is equipped with a hydraulic platform aft to launch and recover a jet ski.
